state the following: I picked up the phone and called Trevor telling him he better stop or I'm going to quit. I was so freaked out by the situation that I went to subway and spoke to Michelle the manager about getting a job. I told Michelle what Trevor did to me and that's why I wanted a job at Subway so I could have a safe work environment. Before I returned to work, I made sure that Trevor knew that any sexual advancements were all unwelcome. He then offered me a 25 cent raise to return to work. ~~But~~<sup>now</sup> I hate the fact that Trevor Downie is always trying to make it a point to touch me while I'm working. state the following: different shirts. I then replied that one should fit. Ignoring my comment he took the different size shirts and placed them to the front of my chest touching my shoulder and waist area. It made me feel weird-like he was touching me for no reason. Since I have returned to work he has touched my back and shoulders. Which was all unwanted contact. Today he said to me did u dream about me last night I said sure I dreamt about work. He said so then tell me about it. I turned my back on him and ignored it. Then he said next time you dream it better be about a date with me. This made me feel weird again. I know this has happened to other girls who work there with me because I seen it. These incidents caused me to feel insecure about my employment.
